Model proformas for certificates are given for all the above categories in Annexures.
- v. Since the courses offered are technical in nature and require appropriate physical fitness, RGUKT reserves the right of rejecting the application of such candidates who are declared by the experts as physically unfit to pursue the course.

7. Selection Method:

- a) Admissions will be based on merit in the Grade Point Average (GPA) and Grade obtained in each subject in 10th class, and as per the provisions of Presidential Order, 1974. A deprivation score of 0.4 prescribed by the Government for the year 2017-18 under Statute 13 (3), shall be added to the 10th class GPA of applicants from non-residential Government Schools including the Zilla Parishad and Municipal Schools for selection, with an objective of providing weightage to help the students from socially, economically deprived sections of the society for admissions.
- b) In case of a tie in GPA score, it will be resolved by adopting the following options in that sequence:
 - i. higher grade in Mathematics,
 - ii. higher grade in General Science,
 - iii. higher grade in English,
 - iv. higher grade in Social Studies,
 - v. higher grade in 1st Language,
 - vi. older candidate as per the Date of Birth,
 - vii. lowest random number obtained from the hall ticket number.

If the tie is resolved with any of the check in the chronological order mentioned above, the next option(s) will not be checked.

- c) The procedure of resolving by random number is as follows:

For SSC, NIOS & OSSC applicants

The random number will be obtained as the remainder of {253 x [first 5 digits of the hall ticket number] divided by the last 5 digits of the hall ticket number}

For example, from the hall ticket no.1219121028, the first five digits viz., 12191 and the last five digits viz., 21028 will be considered for this purpose. The remainder is 14235.

For CBSE & ICSE applicants

The Hall ticket consists seven digits. Hence, the random number will be obtained as the remainder of $\{253 \times [\text{first 3 digits of the hall ticket number}] \text{ divided by the last 4 digits of the hall ticket number}\}$.

For example, from the hall ticket no.4112605, the first three digits viz., 411 and the last four digits viz., 2605 will be considered for this purpose. The remainder is 2388.
